1. INTRODUCTION

1.1. GENERAL

The Police Education Consortium is a consortium led by Middlesex University and additionally comprising the University of Cumbria, Canterbury Christ Church University and the University of Portsmouth. It delivers the BSc (Hons) Professional Policing Practice and the Graduate Diploma Professional Policing Practice courses to student police officers from Surrey Police, Sussex Police or Hampshire Constabulary. These regulations apply exclusively to the students who attend the University of Portsmouth.

- 1.1.1. The purpose of assessment is to enable students to demonstrate achievement of the outcome(s) of the module. Student performance in the assessment of modules contributing to their course of study is the major source of evidence used by Boards of Examiners in determining progression and recommendation for awards of the University.
- 1.1.2. The following principles meet the precepts of the QAA Code of Practice for the Assessment of Students. and underpin all the Assessment Regulations of the University:
 - a) Assessment will be valid in relation to its form, quantity, level, content and learning outcomes, whilst being practicable for both students and staff in terms of the time needed for completion and marking;
 - b) Assessment will promote student learning by its nature and the provision of appropriate guidance and feedback on performance;
 - c) Assessment processes will be explicit with all parts of the assessment process being made clear to all parties (students, staff, and external examiners);
 - d) Assessment will be reliable, consistent and reproducible in the judgements made. The processes will be robust and staff engaged in them will be appropriately trained;
 - e) Assessment processes will be equitable and inclusive with all students being assessed fairly on their own individual merit and ability;
 - f) The management of assessment will be just with clearly documented procedures to support this. Assessment should be designed so that there is clear evidence that the artefact has been produced by the student;
 - g) The policy and processes of assessment will be subject to regular monitoring and review.
- 1.1.3. The University has also incorporated, as far as is practical, the following recommendations from the National Union of Students Charter on Feedback and Assessments:
 - a) Formative assessment and feedback should be used throughout the course;
 - b) Students should have access to face-to-face feedback for at least the first piece of assessment each academic year;
 - c) Receiving feedback should not be exclusive to certain forms of assessment;
 - d) Feedback should be timely;
 - e) Students should be provided with a variety of assessment methods;
 - f) There should be anonymous marking for all summative assessment;
 - g) Students should be supported to critique their own work;
 - h) Course induction should include information on assessment practices and understanding marking criteria.
- 1.1.4. The University of Portsmouth operates a two-tier system of formal meetings to agree assessment outcomes. The first tier, Module Assessment Boards, confirms marks at module level for all students studying the modules in its area, regardless of the award the students are registered on. The second

tier, Boards of Examiners, recommends awards, including any classification, and makes decisions about the progression of students.

- 1.1.5. A student may only be assessed in modules for which the student has registered.
- 1.1.6. A student may only be recommended for an award of the University where the student has registered on a course for a named award. If a student withdraws or is excluded, the Board of Examiners may recommend a student for any lesser award listed in the Course Specifications.
- 1.1.7. A student may not be registered on modules in an academic year with a combined credit value of greater than 120 credits.
- 1.1.8. The Examination and Assessment Regulations gives detailed regulatory advice concerning features that could potentially affect students during their university life. This document forms part of the student contract and students of the University of Portsmouth are bound by the current regulations in force. The University reserves the right to amend the current regulations as it deems necessary.

1.2 RESPONSIBILITIES

- 1.2.1 It is the responsibility of the University within its procedures:
 - a) to assess students fairly;
 - b) to satisfy itself that proper invigilation of examinations is undertaken;
 - c) to ensure that the results of students' assessments are published as far as they relate to progression or awards of the University;
 - d) to investigate allegations of malpractice during assessment and act appropriately on the findings;
 - e) to consider appeals against decisions of Extenuating Circumstances Officers, Module Assessment Boards and/or Boards of Examiners;
 - f) to design assessment tasks to minimise opportunities for plagiarism and ensure that students are provided with the knowledge and skills to enable good academic practice.
- 1.2.2 It is the responsibility of students to:
 - a) undertake the learning activities specified for each module for which they are registered;
 - b) attend examinations and submit assessments, including Referral and Deferrals, as required. If a student fails to do so, without good reason, the Module Assessment Board will determine that the student has failed the assessments concerned;
 - c) notify the University of changes to their term-time or home address and contact details;
 - d) notify the Head of the Additional Support and Disability Advice Centre of any special needs the student wishes provision to be made for in the assessment of any module;
 - e) provide any information on personal circumstances that has prevented them from attending or submitting any assessment and which they wish the Module Assessment Board and/or Board of Examiners to take into account, failing which any appeal founded on those grounds may be rejected;
 - f) undertake assessments honestly and in a manner that does not attempt to gain unfair advantage;
 - g) ascertain the results of their performance in any assessment;
 - h) register onto their course on its commencement and re-register annually on the course start date.

1.3 BEFORE ASSESSMENT

- 1.3.1 At, or before, the commencement of the teaching of a module, the module coordinator shall ensure that the following information is made available to all students registered on University of Portsmouth courses or modules:
- a) the outcome(s) of the module;
 - b) the timetable for teaching the module;
 - c) the learning activities that students are expected to undertake in order to achieve the outcomes of the module;
 - d) the nature of assessment(s) (including any Referrals and Deferrals);
 - e) the submission dates for assessed coursework;
 - f) details of when and how they might expect feedback on assessments;
 - g) the non-examination assessments that will not be marked anonymously;
 - h) the contribution that each element of assessment makes to the overall assessment of the module outcomes;
 - i) a statement of the grading criteria to be used for each assessment.

It is the responsibility of any student who was not present when the information above was provided to take whatever steps are necessary to acquire the information.

- 1.3.2 Module coordinators will provide opportunities for students to discuss the assessment criteria so that they have a good understanding of how these are being interpreted.
- 1.3.3 Module coordinators will be responsible for ensuring that students are provided with written information relating to the supervision arrangements for all major pieces of assessed coursework in modules of more than 30 credits, including independent study modules. Students will be informed as to what advice they may expect from their tutor, whether their tutor will view and comment on drafts, how many drafts their tutor will view and whether this will affect their final mark. Students will be informed as to when the drafts may be submitted.
- 1.3.4 Module descriptions will provide explicit details of the module assessments including the form of the assessments (type, word count, or equivalent, etc.) and which assessments count towards the module marks and their weighting. They will make explicit how the learning outcomes and assessment(s) are linked through the module learning, teaching and assessment strategy.
- 1.3.5 The Head of Department shall ensure that the following information is made available to all students registered on courses or modules within his or her department:
- a) the information to be provided by module coordinators listed above;
 - b) academic year dates including Module Assessment Boards, Boards of Examiners, graduation, Referral period and extenuating circumstances deadlines;
 - c) the names of the Extenuating Circumstances Officers;
 - d) assessment requirements and regulations for courses of study;
 - e) timetables for examinations;
 - f) procedures for the release of marks or grades;
 - g) the grounds and procedure for academic appeals;
 - h) general rules for the conduct of examinations;
 - i) procedures for informing the University of extenuating circumstances that may have affected a student's performance;
 - j) procedures by which allegations of malpractice shall be considered;
 - k) procedures by which complaints shall be investigated;
 - l) the procedures regarding anonymous marking.

- 1.3.6 Any information required by these regulations to be delivered to a student shall be deemed to have been received by the student if:
- a) the module coordinator gives it to students in person at the first lecture or point of contact at the commencement of the delivery of the module; or
 - b) it is delivered by hand to a student in person, or to the latest address notified to the University as his or her local or home address, and the person delivering it has certified a copy of the document to that effect; or
 - c) it is posted for at least 5 consecutive working days on a physical or virtual notice board to which the students on that module might reasonably be expected to have access; or
 - d) it is located on the University web-site and the students are informed of the URL address; or
 - e) it is sent by first class mail to both the local address and the home address recorded on the University Student Records system, provided that 10 working days during term time or 15 working days during vacations shall elapse before receipt can be presumed.

1.4 ADJUSTMENTS FOR DISABLED STUDENTS

1.4.2 PROCESS

- a) A disabled person is legally defined as someone who has a physical or mental impairment which has a substantial, long term and adverse impact upon his or her ability to carry out day-to-day activities. Within the specific University context, 'day-to-day activities' are taken to include those normally encountered by a student accessing the learning, assessment and other services offered by the University.
- b) The Head of the Additional Support and Disability Advice Centre (ASDAC), in consultation with the Academic Registrar, is responsible for advising the Head of Department providing a module of any reasonable adjustments that should be made to ensure that a disabled student is able to undertake assessments without being placed at a substantial disadvantage in comparison to non-disabled students by virtue of her/his/their condition.
- c) Such advice will take account of any precedents and any formal assessments of additional needs known to ASDAC. The exact nature of any reasonable adjustments shall be determined by the specific needs of the student but may involve adjustments to:
 - Process of timed assessments - such as the provision of additional time, rest breaks, assessment in separate rooms or outside University premises, alternative formats, the appointment of an Exam Support Provider and use of word processing packages and assistive technology.
 - Nature of all assessments – such as the substitution of an alternative assessment method where the maintenance of the existing method will place the student at a substantial disadvantage and such substitution will not compromise the rigour and comparability of the assessment.
- d) When deciding upon the particular nature of the adjustment the views of the appropriate Module Assessment Board and Board of Examiners in matters relating to academic rigour and comparability will be taken into account.
- e) It is the responsibility of the student to notify the University of her/his/their condition in a timely fashion to ensure that the appropriate adjustment can be considered prior to assessment. Such notification must normally be substantiated by the provision of appropriate medical or other evidence to ASDAC before adjustments will be implemented.

- f) The exact nature of the adjustments arrived at will be agreed and confirmed with the student by the Head of Department.
- g) Brief details of the adjustments made must be reported to the appropriate Module Assessment Board and Board of Examiners so that they can be formally noted.

1.4.2 ADJUSTMENTS FOR DISABLED STUDENTS – EXCEPTIONS

- a) If the notification of a condition requiring consideration of a reasonable adjustment to the assessment method is delayed to such an extent that the Head of Department is unable to implement the adjustment in the time available, the student shall, if possible, undertake the assessment in the same way as other students and the Head of Department shall use the course management issues procedure to bring the matter to the attention of the Module Assessment Board. The outcome of these procedures will normally be that the student will be permitted to take the assessment as if for the first time when it is next available, and that date may be during the Referral period.
- b) If the notification is timely but the evidence of a condition requiring consideration of a reasonable adjustment to the assessment method is not produced before the assessment takes place, regulation **2.a** will normally apply, subject only to the following exception noted at **2.c**.
- c) If, after consultation with ASDAC, the Head of Department is satisfied that the delay in the production of evidence is due to justifiable circumstances, adjustments may be made to the assessment as if the evidence had been made available in time. In such cases, evidence will still have to be produced and failure to do so may result in the initiation of formal disciplinary procedures.
- d) Reasonable adjustments will not include extensions to submission dates for coursework unless such extension is considered in conjunction with an agreed structural adjustment to the normal course progression or duration. In cases of an unforeseen worsening of a known disability or related illness a student who is unable to meet a submission date for specific items of coursework may use the Extenuating Circumstances procedures.
- e) Reasonable adjustments will not normally include any allowances at the marking stage for poor structure, expression, spelling, syntax or handwriting.
- f) Use of word processing packages in examination does not extend to the use of a student's own computer.
- g) Exceptionally the Head of Department may consider that reasonable adjustments to assessments to avoid placing a student at a substantial disadvantage cannot be made because:
 - There is only one reliable assessment method.
 - There are explicit assessment criteria, based on particular outcomes that are core to the subject.
- h) In such cases the Head of Department must consult with the Head of ASDAC and the Academic Registrar and, if confirmed, consider the options of course transfer or withdrawal through discussion with the individual student concerned.

1.4.3 ADJUSTMENTS FOR DISABLED STUDENTS - TIMED ASSESSMENTS

- a) If a student produces a written report of an assessment by a Chartered Educational Psychologist or appropriately qualified professional which confirms dyslexia or any non-specific reading or writing dysfunction covered by the definition of disability above, the Head of Department providing the module shall make the following allowance in all timed assessments of that student:
 - An additional fifteen minutes for every hour of normal examination time. If required by the student, an invigilator will read out the rubric and the questions, particularly drawing attention to any choices and part questions. The individual student must determine the exact use of the additional time.
 - Time allowances granted for timed assessments will apply to all types of timed assessments including examinations, class tests and computerised assessments.
 - Other allowances can also be made, as can similar provision for other disabled students, but their provision will be subject to the procedures described in 2.
- b) Separate rooms for Students receiving additional time allowances must be provided for all formal examinations.
- c) For formal examinations, the additional time will normally be before the time the examination is scheduled to begin to allow the Student to finish at the same time as other Students.
- d) Where the required adjustment includes the appointment of an Exam Support Provider acting as either a scribe or a reader and scribe, the following procedures apply:
 - The scribe should be able to write or type the dictated answers correctly. Practice sessions should be arranged prior to the assessment so that both the Student and the Exam Support Provider can familiarise themselves with the process and ascertain that the scribe can readily understand the Student.
 - The Exam Support Provider must be acceptable to the Head of Department. The Student cannot choose or nominate an Exam Support Provider and the Exam Support Provider may not have any personal relationship with the Student.
 - Arrangements for any rest periods relating to the use of an Exam Support Provider must be made prior to the assessment and the total time allowance should be adjusted accordingly.

1.5 COURSEWORK

1.5.2 SUBMISSION OF COURSEWORK

- a) The Head of Department must make provision for systems to ensure that coursework submission is secure, documented and that immediate individual receipts are issued to students.
- b) Unless indicated otherwise, it is expected that all coursework is typed. Students must keep an electronic copy which may be requested by the module coordinator at any time.
- c) Extensions to submission dates for coursework for individual students are not permitted under any circumstances. Students with a valid reason for not submitting coursework by the due date must use the Extenuating Circumstances procedures.
- d) Exceptionally, the submission date for assessed work may be revised for all students undertaking the assessment. In such cases the module coordinator shall notify all students of the revised submission date.

1.5.3 LATE SUBMISSION (FIRST ATTEMPT)

- a) All coursework must be submitted on time. Work submitted late without extenuating circumstances will not be marked and will be recorded as a non-submission.
- b) Where students submit the work within 10 working days of the published submission dates and have valid extenuating circumstances, the work will be marked.
- c) Students with valid extenuating circumstances who are not able to submit their first attempt within 10 working days will be given a Deferral in the affected artefact.
- d) Coursework submitted after the published submission date and with no valid extenuating circumstances will not be marked and will be recorded as a non-submission.
- e) The above only applies to First Attempts and not to Deferrals.

1.5.4 LATE SUBMISSION (REFERRAL AND DEFERRAL)

- a) All Referrals or Deferral coursework must be submitted by the end of the Referral period or the work will not be marked and will be recorded as a non-submission.
- b) Exceptionally, the Board of Examiners may determine to allow the marking of late work if submitted within a set period and with valid extenuating circumstances. In such cases, the Board of Examiners will publicise this when making students aware of their Referrals and/or first attempt assessments (and any subsequent further attempts in the same academic year) to ensure that students are aware of this.
- c) Where a student has extenuating circumstances for Referrals or Deferral coursework, they should use the extenuating circumstances procedures.

1.6 RULES FOR THE CONDUCT OF EXAMINATIONS

1.6.1 GENERAL

- a) The University defines an examination as an assessment undertaken within a constrained period of time in a set location following a specified rubric of instruction. The Student will undertake examination by writing except where the assessment is conducted using computer aided assessment software. This definition is intended to include examinations, open book examinations, mid-term exams and in-class testing. Examinations in centrally allocated accommodation will be conducted entirely in accordance with these rules. Students taking examinations elsewhere will be notified at or before the start of the examination which, if any, of these rules do not apply.
- b) Students must observe all instructions given by an invigilator.
- c) A Student who wishes to attract the attention of an invigilator shall remain seated and raise a hand.
- d) Students are required to bring a form of formal identification with photograph e.g. passport, national identification card, driving license with them to every examination. A Student who is unable to identify himself/herself may be excluded from the examination at the discretion of the Senior Invigilator
- e) Any person alleged to have committed an offence under these regulations will be subject to the University disciplinary procedures.

1.6.2 ENTERING AND LEAVING EXAMINATION ROOMS

- a) Students will not be admitted to the examination room more than fifteen minutes before the start of the examination.
- b) Students may not enter the examination room later than thirty minutes after the start of the examination.
- c) No Student may enter the examination room after the start of the examination if, for any reason, another Student has already left the examination room.
- d) No Student may leave the examination room, other than for illness or other reason acceptable to the invigilator, until thirty minutes after the start of the examination. Students who leave the examination room without the permission of an invigilator will be deemed to have withdrawn from the examination, and will not be permitted to re-enter the examination room.
- e) No Student may leave the examination room within the last thirty minutes of the examination, other than in computer aided assessment or in exceptional circumstances and with the permission of the invigilator. In computer aided assessment, the Student may leave within the last thirty minutes, provided they have permission from the invigilator and leave the room with minimal disturbance.
- f) A Student who wishes to leave the examination room early shall attract the attention of an invigilator and, when given permission to do so, shall leave the room with the minimum disturbance.

- g) All answer books (used and unused) and/or records of assessment are to be collected from Students before they are permitted to leave the examination room.
- h) All Students must take their belongings and their litter with them when they leave.

1.6.3 STARTING AND ENDING EXAMINATIONS

- a) No Student shall start the examination until directed to do so by an invigilator.
- b) Students must stop working immediately when instructed to do so by the invigilator. Late arrival Students will be required to finish at the stated end time, as instructed by the invigilator.
- c) In computer aided assessment the Student will be timed out at the end of the assessment.
- d) All Students are to remain seated in silence until scripts and/or records of assessment have been collected and permission to leave is given.

1.6.4 EXAMINATION STATIONERY AND MATERIALS

- a) All work, including rough work, must be written in the answer books provided or on the relevant paper provided, where answer books are not used. Additional sheets of paper, such as graph paper and drawings, must be clearly marked with the Student's Student Number and fixed to the Student's answer book or record of assessment.
- b) Answer books are to be given to the invigilator on request.
- c) Pages may not be removed from an answer book, nor may an answer book or record of assessment be removed from the examination room.
- d) Mathematical tables, charts, etc. which may be provided for Students' use are the property of the University, and may not be removed from the examination room.
- e) Students will be instructed prior to any examination which aids such as calculators or notes are permissible. Students will not be permitted to use their mobile telephone or smart watch (or other means of transmitting or receiving information in any form) as a calculator and a separate device must be used which cannot store text or other information that might unfairly be of use in the examination. A Student who brings into the examination aids other than a type specified in the examination rubric commits an assessment offence.
- f) In modules in which language proficiency is not being directly assessed, students whose first language is not English may, at the discretion of the module coordinator, use a translation dictionary. The dictionary must be presented to the Invigilator prior to the start of the examination for checking. During this time, it should be checked to ensure it is not marked in any way. Extra time for the use of dictionaries is not permitted. Electronic dictionaries are not permitted.
- g) Invigilators may inspect any materials or items in the examination room, or in any Student's possession, at any time during the examination.

1.6.5 BEHAVIOUR DURING EXAMINATIONS

- a) Throughout the whole of the examination, silence must be maintained, except when requests for additional answer books etc. are made. A Student whose behaviour persistently disturbs other Students may be excluded from the examination.
- b) Students are permitted to bring drinking water into the examination room. No other food or drink is allowed.
- c) Students must not communicate in any way with any person other than an invigilator during the examination.
- d) Students must not bring any documents which are not required for the purpose of the examination.
- e) All mobile telephones and other devices must be switched off throughout the examination.
- f) In computer aided assessment, the invigilator will inform students of the software to be used and any limitations that apply and no other software will be permitted.

1.6.6 ACTION BY INVIGILATORS ON DISCOVERY OF AN ASSESSMENT OFFENCE

- a) An invigilator who suspects that assessment offence has been committed by a Student during an examination, shall draw a line across the cover of the answer book, and on this line state the time at which the suspected assessment offence was discovered, and sign his/her name at this point, and remove the answer book(s) from the Student's desk. The Student shall then be given a fresh answer book by the invigilator, and permitted to continue the examination, concluding at the normal time.
- b) The Senior Invigilator will inform the Head of Department of the suspected assessment offence following the examination.

1.6.7 ILLNESS

- a) In the case of illness, Students are required to notify the invigilator
- b) A Student may temporarily leave the examination room for illness or other reason acceptable to the invigilator. During such absence, a member of the University staff will accompany the Student. If the Student returns to complete the examination, they will not be able to submit a claim for extenuating circumstances.
- c) If the Student cannot continue, or feels that their examination has been affected, they should leave the examination. Where this occurs, the invigilator will sign the answer book or record of assessment stating the time at which the Student left. The Student will need to submit extenuating circumstances following the examination. Where a student submits an extenuating circumstances form for an examination they left due to illness, the examination mark will be recorded as zero. Extenuating circumstances forms cannot be submitted for Referrals or Deferrals.

1.7 MARKING AND FEEDBACK

1.7.1 GENERAL

- a) The Head of Department will ensure that all staff responsible for teaching and/or assessment are able to demonstrate good practice in assessment and providing feedback, before they are involved in any assessment practices.
- b) The Head of Department will be responsible for ensuring that systems are in place for mark verification and second marking. In particular:
 - where there are multiple markers for the same assessment artefact, systems must be in place to ensure consistency and equality of marking.
 - where the assessment piece is not a physical artefact e.g. presentations, oral assessments, performances.

1.7.2 ANONYMOUS MARKING

- a) The University supports a policy of anonymous marking of all assessments (i.e. the name of the student is masked from the marker).
- b) All assessments taken under examination conditions will be marked anonymously.
- c) Where assessments are conducted and marked using computer aided assessment software, anonymity is assumed.
- d) Wherever practicable, all non-examination assessments will be marked anonymously. The module coordinator must inform students whether or not "non-examination" assessments will be marked anonymously.
- e) Where it is impractical for anonymity to be maintained these assessments should be verified. If it is not practical to do this at the time, then consideration should be given to making a copy or recording.
- f) Examination answer books and coursework coversheets are provided with a fold-over adhesive flap. The Students record their name on the top right-hand corner of and obscure this information by sealing the fold-over flap.
- g) Students must also identify themselves on the answer book or coversheet by means of their Student Number, which is on their Student Campus Card.

1.7.3 MARKING SCHEME

- a) Marking schemes are criterion-referenced and will enable internal assessors and External Examiners to distinguish between different categories of achievement and to justify marks awarded.
- b) The Module Coordinator must use percentages where numerical marking schemes are used. The following qualitative criteria is used:
 - first class honours or distinction standard - a mark in the range of 70-100;
 - upper second class honours or merit standard - a mark in the range of 60-69;
 - lower second class honours standard - a mark in the range of 50-59;

- third class honours standard - a mark in the range of 40-49;
 - the student has demonstrated achievement of the learning outcome(s) of the module – a mark in the range of 40 to 100;
 - the student has not demonstrated achievement of the outcome(s) of the module - a mark in the range 0 to 39.
- a) All components of assessment must be passed in order to pass the module, in line with the requirements from the College of Policing. Students must be informed at the start of the module that all components of assessment must be passed.
- b) Any further variation to 3.c must:
- i) have the specific approval of the University Education and Student Experience Committee acting on the authority of Academic Council;
 - ii) be recorded on the approved module description;
 - iii) state clearly to which groups of students it shall apply.

1.7.4 VERIFICATION OF MARKS

- a) All assessed work is subject to verification or double-blind marking as follows:

Major Project Modules

All the assessed work must be "double blind" marked. This means that the two markers must mark the work without having sight of the mark awarded by the other marker. The markers must then determine an agreed mark and agree both the form and content of the feedback. If the two markers significantly disagree and the differences cannot be resolved by discussion, then the Head of Department must nominate a third marker to review the work, unaware of the previous marks. The final mark awarded should then be derived by discussion between all three markers.

All other modules

If a module is assessed by a single element with a single marker or if it is an assessment where it has been impractical for anonymity to be maintained, all assessments will be subject to verification. Otherwise, 10% of ALL assessments, with a minimum of 6 pieces and a maximum of 20 pieces, will be subject to verification. Verification means that a second member of staff scans the assessments to ascertain that the marks for the module are broadly appropriate and have been fairly arrived at as described within these regulations. The sample must include work covering a full range of marks. If significant discrepancies arise, then the Head of Department may require all assessed work to be reviewed or moderated.

- b) If, after verification or double-blind marking, an agreed final mark can still not be awarded then the assessment must be referred to the Subject External Examiner for an opinion. The Subject External Examiner will not determine the final mark but will report to the Module Assessment Board where the final mark will be determined.

1.7.5 FEEDBACK

- a) Except as provided within these regulations, the module coordinator will be responsible for ensuring students are provided with feedback on all assessed work. The Head of Department will monitor provision of feedback.
- b) Feedback will be provided for all forms of assessment, including examinations. It should provide an indication of the extent to which the work has met the assessment criteria and intended learning outcomes. The minimum requirements for summative feedback are:
 - Major strengths of the work.
 - Ways in which the mark could have been improved
 - Original mark and any penalties that have been applied (where appropriate).
- c) The precise nature of the feedback will vary according to custom and practice in the subject area. However, feedback will be normally be typed. If oral feedback is used to supplement the written feedback, it may be delivered to individuals or to groups of students. Feedback on examinations and coursework may be written onto a proforma, a coversheet or directly onto the piece of work. The procedures adopted should not prejudice marking where the first mark is concealed from subsequent markers ("double blind marking").
- d) The module coordinator will make feedback available within fifteen working days of the submission deadline or the date of the examination except for distance learning, where feedback will be made available within twenty-five working days.
- e) If feedback is unexpectedly delayed, the module coordinator must inform students of the reason(s) and the date on which they will receive the feedback. This information must also be reported to the Head of Department and the Module Assessment Board.
- f) The mark or grade provided to a student as part of the assessment feedback is a provisional mark subject to change and/or moderation until it is finally determined by the Module Assessment Board.
- g) A student who submits work after the published submission date forfeits the right to feedback on that work, unless there were valid extenuating circumstances.

- i)

- k)
- l) Module coordinators must ensure that a sample of work is either retained or photocopied so that it is available for scrutiny by the Subject External Examiner. In the former case, the retention of work must not prejudice the return of feedback.
- m) Students' work must not be left unattended for collection. Work may be returned in a timetabled or non-timetabled session or it may be appropriate for students to collect the work from a central collection point.

- n) Where a student is unable to collect the assessment in person for a legitimate reason, a request can be made for either the assessment feedback sheet to be posted to the student or the student may identify in writing to the University a named third person to collect their work. This person must produce a form of identification to establish that they are the student's proxy.
- o) Students must be informed that there will be a time limit for collecting their work, after which it will be confidentially destroyed. The work should be held long enough to allow students a reasonable opportunity to reclaim it. For guidance on retention periods for assessed work, please see the University's Retention Policy.

1.8 EXTENUATING CIRCUMSTANCES

- c) Guidelines for the application of Extenuating Circumstances shall separately be available in appropriately modified formats to students, Extenuating Circumstance Officers, Module Assessment Boards, and Boards of Examiners. The current version of the guidelines shall be approved on the authority of Academic Council.
- d) The extenuating circumstances policy of the University is based on the principle that if a student attempts an assessment, they are deemed well enough to have taken the assessment and cannot then submit an Extenuating Circumstances Form. Extenuating Circumstance Forms can only be submitted where a student:
 - has not submitted an assessment artefact,
 - has not attempted an assessment artefact
 - has been unable to finish an examination.
- e) Procedures for Extenuating Circumstances are intended to apply to individuals although can apply to groups of students where a piece of groupwork is involved and one or more members of the group has valid extenuating circumstances. In such a case the names of all affected students should be put on the extenuating circumstances form.
- f) Extenuating Circumstances procedures do not apply where there has been a failure in course management arrangements which have disrupted the learning and assessment of a group or groups of students. Students should use the complaints procedure to seek remedy for such failures. In such cases, it will be the responsibility of the Head of Department and the course team to provide appropriate remedies, taking advice from the Academic Registrar.
- g) An assessment penalty imposed in accordance with the University Disciplinary Procedures overrides any valid extenuating circumstances.
- h) Extenuating circumstances can be submitted for Referrals or Deferrals.

1.8.2 EXTENUATING CIRCUMSTANCES FORMS

- a) A student must complete and submit an Extenuating Circumstances Form to the University within 5 days of the end of the teaching period (or Referral Period) that the assessment is undertaken in.

- c) All submitted forms will be acknowledged by an e-mail to the student which will act as the receipt for submission of the Extenuating Circumstances Form.
- d) The Head of Department shall notify students of member(s) of staff who will be able to give guidance to students on the completion of the form.

 - Circumstances Invalid.

The decision will be checked by another Extenuating Circumstances Officer to confirm it is reasonable before the student is informed of the decision.

- c) Students shall be informed of the Officer's decision within ten working days of submission of the Extenuating Circumstances form. Extenuating Circumstances Officers shall keep a record all decisions made, together with reasons.

1.8.4 INTERVENTION ON A STUDENT'S BEHALF

- a) Written statements on a student's behalf, when not accompanied by an Extenuating Circumstances Form, may be considered at the discretion of the Extenuating Circumstances Officer. Any such written statement must be made with the consent of the student, and the submission must make it clear how the consent was given.
- b) No other intervention on behalf of a student shall be considered.
- c) Where any written statement on a student's behalf is made, not accompanied by an Extenuating Circumstances Form, the Extenuating Circumstances Officer shall keep:
 - a record of the intervention;
 - whether it has been considered or not;
 - the reasons for its consideration or otherwise;
 - the decision of the Extenuating Circumstances Officer as to the validity of the extenuating circumstance and the assessments it is considered to have affected.

- The person making the intervention, the Head of Department and the student shall be informed of the Extenuating Circumstances Officer's decision.

1.8.5 SERIOUS AND CONFIDENTIAL EXTENUATING CIRCUMSTANCES

- d) Students with serious and confidential extenuating circumstances should contact their Head of Department. The Head of Department will decide whether to accept the extenuating circumstance.
- e) The Head of Department may make only one of the following decisions:
 - Circumstances Valid;
 - Circumstances Invalid;

The students shall be informed of the decision within 10 working days. The Head of Department shall keep a record of the decision, together with reasons.

- f) Where a student feels unable to contact the Head of Department, they may contact any member of staff they feel to be appropriate. That member of staff will bring the matter to the attention of the Head of Department, so that the procedure is followed.

1.8.6 VALID EXTENUATING CIRCUMSTANCES – COURSEWORK (FIRST ATTEMPT)

- a) If the extenuating circumstances are found valid for coursework type assessments, assessments will be marked if the work was submitted within 10 working days of the due date of the assessment for which Extenuating Circumstances are being claimed.
- b) If a student has valid extenuating circumstances but is unable to submit within 10 working days will be given a Deferral.
- c) This applies to First Attempts only and not Referrals or Deferrals.

1.8.7 VALID EXTENUATING CIRCUMSTANCES – EXAMINATION (FIRST ATTEMPT)

- a) Any student who, before the end of the Consolidation and Assessment Period, either misses or is unable to complete an examination due to valid extenuating circumstances will be given a Deferral.
- b) This applies to First Attempts only and not Referrals or Deferrals.

1.8.8 VALID EXTENUATING CIRCUMSTANCES (REFERRAL AND/OR DEFFERAL AND ANY SUBSEQUENT FURTHER ATTEMPTS IN THE SAME ACADEMIC YEAR)

- a) Any student who misses or is unable to complete a Referral or Deferral and/or any subsequent further attempts in the same academic year due to valid extenuating circumstances will be given a Deferral in the module to undertake at the next available opportunity.
- b) The Board of Examiners will determine that there will be a further attempt as soon as possible. In such cases, the Board of Examiners shall make the student aware of this and the minutes shall record the reason for the exceptional further attempt.
- c) Exceptionally, the Board of Examiners may determine to allow the marking of late work if submitted within a set period and with valid extenuating circumstances. In such cases, the Board of Examiners should publicise this when making students aware of their Referrals and/or first attempt

assessments (and any subsequent further attempts in the same year) to ensure that students are aware of this. In such cases, the Board of Examiners shall make the student aware of this and the minutes shall record the reason for the exceptional further attempt.

- 5.1.2 permit the assessment of the missed artefact by means of different assessment artefacts as a Deferred First Assessment, which must be defined and made known to the student, to be submitted by the end of the Referral Period;
- 5.1.3 where valid extenuating circumstance has prevented the student from completing the assessment artefact but sufficient evidence can be adduced that the learning outcomes of the module have been met from at least two other completed and unaffected assessment artefacts contributing to the final mark of the module, extrapolate an overall mark for the module from completed and unaffected assessment artefacts.

5.2 For Referrals and Deferrals, where extenuating circumstances have been found valid, Module Assessment Boards shall record a decision of Deferred.

6 DECISIONS

6.1 The mark reported to students and to the Board of Examiners shall be an integer as follows:

6.2 PASSED

- 6.2.1 Passed confirms that the credit has been assigned.

- 6.3.1 This confirms that the student has not completed the assessment of the module for good reason and that conditions and a time scale have been set for the student to undertake the assessment or further assessment of the module.
- 6.3.2 The purpose of the Deferral is to allow a student who has not attempted an examination type artefact at the normal attempt and has submitted extenuating circumstances which have been found valid.
- 6.3.3 The Deferral shall take the form of assessment(s) determined by the Module Assessment Board.
- 6.3.4 The Head of Department, on the authority of Academic Council, shall fix the dates by which Deferral must be completed. - 6.4.3 The Referral shall take the form of assessment(s) determined by the Module Assessment Board for failed assessment artefacts within the module. The student shall be deemed to have failed an assessment artefact in any failed module if they have not achieved a mark of 40% in the artefact. The Module Assessment Board may prescribe either a single re-assessment task that allows the student to demonstrate achievement of the module's learning outcome or assessments arising from the failed assessment components.
- 6.4.4 The Head of Department on the authority of Academic Council, shall fix the dates by which Referral must be completed. This will be a five-week period following the Board of Examiners that confirms the Referral. For the Graduate Diploma in Professional Policing Practice, the referral for the coursework assessment(s) to take place before the MAB meets. In this case, both marks will be taken to the MAB and any mark achieved in the original work will be considered by both the MAB and the Board of Examiners (BOE) before the second mark is considered. Students must be clearly warned that the submission of the second attempt artefact does not preclude a subsequent decision by the BOE to exclude the student.
- 6.4.5 The Referrals will be marked with the artefact mark capped at the pass mark of the module. The overall module mark will be recalculated with the capped Referral marks but the overall module mark will not be capped. That mark shall be annotated on the transcript with the legend "Passed after Referral". Where the Module Assessment Board has prescribed a single re-assessment task that allows the student to demonstrate achievement of the module's learning outcomes, the capped Referral mark will be used for all the failed assessment artefacts.
- 6.4.6 Should the combined number of failed modules (including Referrals and Combined Referral Deferral) exceed the limits allowed by the Board of Examiners, the student will be excluded.

6.5 COMBINED REFERRAL DEFERRAL

- 6.7.1 When the Module Assessment Board has agreed the marks, the Subject External Examiner shall sign the marksheet. This endorsement on the final marksheet signifies general satisfaction with the effectiveness and adequacy of the relationship between the module outcomes, the assessment

strategy and the marking criteria. It does not necessarily indicate agreement with every individual confirmed mark.

- 6.7.2 After the Subject External Examiner has signed the marksheet, marks may only be changed in exceptional circumstances and with the agreement of the Subject External Examiner.

7 ASSESSMENT PENALTIES

- 7.1 Responsibility for the application of assessment penalties rests with the Module Assessment Board when it determines the final mark in the module.

10.2 The Module Assessment Board shall delegate, by resolution, to the Chair its authority in relation to the confirmation of marks and grades in order to correct decisions based on erroneous or incomplete information. 10.3 The Module Assessment Board cannot otherwise delegate its authority.

11.7.3 The Head of Department shall ensure that, as soon as practicable after the Board, sufficient further details of the Board's decisions are supplied to each student to exercise all of their rights under these and any other regulations of the University. Those further details must make clear any actions the student must complete in order to retrieve any failure.

- 11.7.4 At the end of the meeting of the Board of Examiners, the Award External Examiner shall sign the Conferment List. This endorsement on the Conferment List signifies general satisfaction with the effectiveness and adequacy of the assessment processes, with particular reference to the student profiles, issues of fairness, as described in the document [External Examiners: Regulations and Procedures](#). It does not necessarily indicate agreement with every recommendation of the Board.

12 PROGRESS

- 12.1 Academic Council may approve the division of courses of study leading to named awards into stages separated by points of progression.
- 12.2 Responsibility for all progression decisions rests with the Board of Examiners.
- 12.3 Unless specifically stated otherwise in the approved course specification or the individual student learning contract, the timing of points of progression shall be the first day of the next term to start after the meeting of the Board of Examiners following the completion of study at a particular stage.
- 12.4 The Board of Examiners will determine whether the point of progression lies before or after placement, unless the course specification has fixed the point of progression. The Board of Examiners may determine the point of progression differently according to a student's circumstances. If it does so, the minutes shall record in each case the Board's reasons for so determining the point of progression.
- 12.5 The Board of Examiners shall consider each student's overall performance at the first meeting following the student's completion of the study of each stage. If the credit required to complete that stage has been obtained, the Board of Examiners shall permit the student to progress to the next stage. Students may not progress with trailing modules.
- 12.6 On the authority of the Chair of the Board of Examiners, a student may commence the study of a module or modules at the next stage before the Board of Examiners has met to consider the results of the assessment of modules at the preceding stage or the results of any Referral or Deferral assessment.
- 12.7 A Module Assessment Board may not assign credit for a module or modules at any stage until the Board of Examiners has confirmed that the student has progressed to that stage.
- 12.8 "RECOMMEND THE AWARD OF [NAME OF SPECIFIC AWARD]"
- 12.8.1 Only a Board of Examiners, or a sub-committee or person acting on the delegated authority of a Board of Examiners, constituted in accordance with these regulations may recommend a student for conferment of an academic award of the University.
- 12.8.2 The document, Awards of the University of Portsmouth, lists the awards of the University, states the standard of those awards and, for taught courses, the credit requirements for eligibility to be recommended for conferment of them. No recommendation can be made to Academic Council for the conferment of any award of the University other than in accordance with that document.
- 12.8.3 The Board of Examiners shall consider each student's overall performance at the first meeting following the student's completion of the study of the final stage. The Board of Examiners shall

recommend the student to Academic Council for the award of the University for which the student had registered if:

- a) Module Assessment Boards have assigned necessary credit;
- b) any shortfall is made good by the exercise of compensation;
- c) the student is not in breach of University regulations.

12.8.4 The recommendation to Academic Council shall be made upon the University's Conferment List.

13. CLASSIFICATION OF HONOURS DEGREES

13.1 Marks for classification are presented to the Board of Examiners as integers. The marks required for a particular classification of an honours degree are as follows:

- 13.1.1 40-49 third class
- 13.1.2 50-59 second class, lower division
- 13.1.3 60-69 second class, upper division
- 13.1.4 70+ first class

13.2 Pass/Fail modules do not count towards classification. Mean values will be calculated on the remaining credits.

13.3 The Board of Examiners shall recommend to a student who is eligible for the relevant award, as defined in the document Awards of the University of Portsmouth, the classification arising from the application of the following formulae:

- 13.3.1 the classification of the weighted mean of all relevant credits at Level 5 and all relevant credits at Level 6 in the ratio of 40:60 respectively after first discounting the marks in the worst 20 credits both at Level 5 and at Level 6;
- 13.3.2 the classification of the weighted mean of all relevant credits at Level 6 after first discounting the marks in the worst 20 credits at Level 6;
- 13.3.3 the minimum classification in which more than 50% of the combined relevant credits at Level 5 and Level 6 were attained after first discounting the marks in the worst 20 credits both at Level 5 and at Level 6.

13.4 A Board of Examiners shall, where a student has been admitted with credit to study only the final stage, recommend the highest classification arising from the application of the following formulae:

- 13.4.1 the classification of the weighted mean of all relevant credits at level 6 after first discounting the marks in the worst 20 credits at Level 6;
- 13.4.2 the minimum classification in which more than 50% of the combined relevant credits at level 6 have been attained after first discounting the marks in the worst 20 credits at Level 6.

13.5 The Board of Examiners shall have discretion to recommend classification of honours other than would accord with regulations if at Level 6, 20 credits or more have been obtained from APL or pass/fail modules.

14. CLASSIFICATION OF OTHER AWARDS

14.1 Marks for classification are presented to the Board of Examiners as integers. The marks required for a particular classification are as follows:

- 14.1.1 40-59 Pass
- 14.1.2 60-69 Merit
- 14.1.3 70+ Distinction

14.2 Pass/Fail modules do not count towards classification. Mean values will be calculated on the remaining credits.

14.3 For non honours awards, the Board of Examiners shall recommend the highest classification to a student who is eligible for the relevant award, as defined in the document Awards of the University of Portsmouth, arising from the application of the following formulae:

- 14.3.1 the classification calculated from the weighted mean of all relevant credits;
- 14.3.2 the minimum classification in which more than 50% of the relevant credits were attained.

14.4 For Certificates of Higher Education, Higher National Certificates, Diplomas of Higher Education, Higher National Degrees and Foundation Degrees, relevant credits can be at Level 4, 5 or 6. For Ordinary Degrees, relevant credits are at Level 5 and 6 only.

14.5 For awards of Graduate Certificate and Graduate Diploma, relevant credits are at Level 6 only.

14.6 The Board of Examiners may exercise discretion to recommend an award with distinction or merit to a student who does not qualify for that classification. The Board must be convinced that the student has merited the higher classification but that a particular circumstance, perhaps the inclusion of RPL credit that does not attract a mark, has prevented the student from having the opportunity to meet the standard in the required number of credits. In such cases, the minutes of the meeting shall show the reasons for the exercise of discretion.

15 AEGROTAT AWARDS

15.1 An award may be recommended in aegrotat form when the Board of Examiners does not have enough evidence of the student's achievements to recommend the award for which the student was a Student, and a lesser award would be inappropriate, but is satisfied that, but for valid extenuating circumstances, the student would have reached the standard required.

15.2 An aegrotat award carries no classification.

15.3 Before a recommendation for an aegrotat award shall be made the student:

- 15.3.1 must have signified that they are willing to accept the award and understands that this acceptance entails waiving any opportunity to be assessed or re-assessed;
- 15.3.2 must, if applicable, be advised as to whether or not such an award is recognised by any accrediting body.

- 15.4 In all cases where a Board of Examiners recommends an aegrotat award, the reasons for doing so shall be stated and recorded in the minutes of the meeting.
- 15.5 Having been offered the aegrotat award, a student may elect not to accept the award but to request that the Board of Examiners makes a decision in accordance with **1.5**.

16 POSTHUMOUS AWARDS

16.1 An award may be conferred posthumously, either in aegrotat or normal form, to a deceased student who was a registered student at the time of death, and had sufficient assessable work available at the time of death to enable the Board of Examiners to recommend an award.

- 15.5.1 In all cases where a Board of Examiners recommends the conferment of an award posthumously, the reasons for doing so shall be stated and recorded in the minutes.
- 15.6 This recommendation is often made by the Chair of the Board but must always be the result of appropriate consultation, and must always be reported back to the Board.

15.7 DEFERRAL(S)

- 15.7.1 Boards of Examiners shall be informed that valid extenuating circumstances apply to named students in named modules, and the decisions made by Module Assessment Boards.
- 15.7.2 The Boards of Examiners shall minute all decisions reached in respect of valid extenuating circumstances made known to it, together with reasons. The Boards of Examiners may:
- 15.7.3 endorse defer decisions already made by a Module Assessment Board and defer its decision about progress or recommending an award;
- 15.7.4 offer an aegrotat award in accordance with the University's Regulations.
- 15.7.5 Where a student is offered the opportunity to be assessed again, the offer must be made in writing with a content that makes it plain:
- 15.7.6 the assessment shall be as if for the first time;
- 15.7.7 if the student has achieved a pass in the module(s) for which they have valid extenuating circumstances, the student must signal within a specified time her or his intention whether, in relation to the passed module(s) affected, to accept the offer to be assessed again in the missed assessment. If the student does not respond within the specified time she or he shall be deemed to have elected not to be assessed again.

15.8 REFERRAL

- 15.9 At each stage of a course, the Board of Examiners shall permit students Referral if the total number of modules failed (including Referrals and Combined Referral Deferral) does not exceed a limit of 40 credits. Additionally, students are permitted Referral in the major project module for the course, on top of these limits.
- 15.10 A student who has failed modules exceeding the limit set out in regulation **5.10.ii** or who has not passed modules after Referral, Deferral or Combined Referral Deferral will be excluded from the course.

15.11 COMBINED REFERRAL DEFERRAL

- 15.11.1 The Combined Referral Deferral indicates that the student has both a Referral and a Deferral in the same module.
- 15.11.2 At each stage of a course, the Board of Examiners shall permit students Combined Referral Deferrals if the total number of modules failed (including Referrals and Combined Referral Deferrals) does not exceed a limit of 40 credits.
- 15.11.3 A student who has failed modules exceeding the limit set out in the regulations regulation or who has not passed modules after Referral, Deferral or Combined Referral Deferral will be excluded from the course.
- 15.11.4 Exceptionally, the Board of Examiners may determine to allow the marking of late work if submitted within a set period and with valid extenuating circumstances. In such cases, the Board of Examiners should publicise this when making students aware of their Referrals and/or Deferrals (and any subsequent further attempts in the same year) to ensure that students are aware of this. In such cases, the Board of Examiners shall make the student aware of this and the minutes shall record the reason for the exceptional marking of late work.

17 EXCLUSION

- 17.1 Academic Council vests the responsibility for exercising powers relating to exclusion on academic grounds in the Board of Examiners.
- 17.2 A Board of Examiners shall exclude a student from the University if Module Assessment Boards have not assigned credit to the student for a period of two calendar years. The Board of Examiners shall have discretion to waive the time limit in any case in which it is satisfied that its application would be unjust. The grounds for exercising such discretion shall be stated and recorded in the minutes of the meeting.
- 17.3 The Board of Examiners shall have the discretion to exclude on academic grounds a student who in its academic judgement fails to make satisfactory progress. The grounds for making the decision shall be stated and recorded in the minutes of the meeting. In such cases the student shall be offered the opportunity of an interview with the Chair of the Board of Examiners. The Chair will be given delegated authority to reconsider the decision of the Board if the student provides details of personal circumstances, supported by acceptable evidence, which would have adversely affected their performance. These circumstances must be ones unknown to the Board when it made the original decision, and the student will need to satisfactorily explain why the Extenuating Circumstances procedure had not been used.
- 17.4 The Board of examiners shall exclude any student who fails a module after Referral or Deferral assessment.
 - 17.4.1 The Board of Examiners shall exclude any student who has exceeded the maximum registration period.
 - 17.4.2 A Board of Examiners when excluding a student shall recommend any award or awards for which the student is qualified.

17.4.3 Excluded students are not eligible to rejoin their course or transfer to another course within the University. Excluded students who wish to rejoin the course or transfer to another course in the University must complete an application form and apply through the normal routes. There should be no expectation of re-admission and previous work done will be judged through the University's RPL procedures.

17.5 DECISION WITHHELD

17.5.1 This decision confirms that a recommendation has been determined but not yet published because the student is in breach of one or more University regulations.

17.6 DECISION PENDING

17.6.1 This decision confirms that the student has to consider whether either to accept an offer of compensation or to undertake a Deferred First Attempt.

17.7 AUTHORITY TO DEPART FROM THE UNIVERSITY'S REGULATIONS

17.7.1 Within the constraints of the course objectives and good practice in the subject area within the UK higher education sector, the Board of Examiners shall have discretion, in exceptional circumstances, to depart from any of these regulations if, in the opinion of the Board of Examiners, a strict application of the regulations would be unjust to a student or students. The Board of Examiners will take advice from the Award External Examiner in relation to good practice in the subject area.

17.7.2 In such a case the minutes must record all of the following information:

- a reference to this regulation;
- the name of the student(s);
- the regulation from which the Board of Examiners wishes to depart;
- the full circumstances in which the Board of Examiners considered it necessary to exercise the discretionary power under this regulation;
- the reason why the Board of Examiners considered it necessary to exercise the discretionary power under this regulation including specific mention of the consequences of the exercise of discretion for the student and the consequences of not exercising such discretion;
- the advice of the External Examiner in relation to good practice in the subject area within the UK higher education sector;
- the reason why such discretionary power should not be exercised for other students.

17.7.3 The Chair of the Board of Examiners shall send forthwith a copy of the minute to both the Secretary and the Chair of Academic Council.

18 COURSE MANAGEMENT ISSUES

18.1 The Board of Examiners shall have discretion, in exceptional circumstances, to depart from any of these regulations if, in its opinion, a course management issue has arisen and a strict application of the regulations would be unjust to a student or students.

- 18.2 In such a case, the Chair of the Board of Examiners should contact the Academic Registrar to take advice in relation to good practice.
- 18.3 In such a case the minutes must record all of the following information:
- 18.3.1 a reference to this regulation;
 - 18.3.2 the name of the student(s);
 - 18.3.3 the regulation from which the Board of Examiners wishes to depart;
 - 18.3.4 the full circumstances in which the Board of Examiners considered it necessary to exercise the discretionary power under this regulation;
 - 18.3.5 the reason why the Board of Examiners considered it necessary to exercise the discretionary power under this regulation including specific mention of the consequences of the exercise of discretion for the student and the consequences of not exercising such discretion.
- 18.4 The Chair of the Board of Examiners shall send a copy of the minute to the Academic Registrar.

19 DELEGATION

- 19.1 The Board of Examiners shall delegate, by resolution, to a sub-committee its authority in relation to the progression and recommendation of awards to students following Referral and Deferrals. The resolution must define the membership and quorum of such a sub-committee and prescribe the reporting arrangements to the Board of Examiners.
- 19.2 The Board of Examiners shall delegate, by resolution, to the Chair its authority in relation to the progression and recommendation of awards to students in order to correct decisions based on erroneous or incomplete information. Chairs must ensure the possibility of such action does not remove a student's right of appeal against decisions of a Board of Examiners. The resolution requires the Chair to document the decision, with the reasons for the decision and the extent of any consultation, and report the decision to the next meeting.
- 19.3 The Board of Examiners shall delegate, by resolution, to the Chair its authority in relation to the making of exit awards arising from students withdrawing from the University. The resolution requires the Chair to document the decision, with the reasons for the decision and the extent of any consultation, and report the decision to the next meeting.
- 19.4 The Board of Examiners shall delegate, by resolution, to the Chair its authority in relation to the recommendation of awards to students to be made posthumously. The resolution requires the Chair to document the decision, with the reasons for the decision and the extent of any consultation, and report the decision to the next meeting.
- 19.5 The Board of Examiners cannot otherwise delegate its authority.

20 MINUTES

- 20.1 The Chair of the Board of Examiners shall appoint a Minutes Secretary to draft the Minutes of all meetings of the Board of Examiners and of any sub-committee.

- 20.2 In the case of the exercise of any discretionary powers under these regulations, the minutes shall reflect the discussion at the meeting and record the reasons for the decision to exercise discretion or not to do so.
- 20.3 The Chair of the Board of Examiners shall ensure that approved draft minutes of meetings are issued to members within a reasonable time period.

21 ACADEMIC APPEALS

21.1 GENERAL

21.1.1 Academic Appeals refer to all appeals against decisions made by Extenuating Circumstances Officers, Module Assessment Boards and Boards of Examiners

21.1.2 A student who feels aggrieved over a formal academic assessment and/or its consequences is recommended in the first place to seek an interview with the Extenuating Circumstances Officer, the Chair of the Module Assessment Board or the Chair of the Board of Examiners to clarify her/his/their position.

21.1.3 Please see the [University's Appeals Procedure](#).

21.2 The only grounds on which an appeal will be considered are that:

- 21.2.1 there had been a material and significant administrative error in the information received and considered; or
- 21.2.2 that the assessments had not been conducted in accordance with the approved regulations for the course of study; or
- 21.2.3 that some other material irregularity had occurred; or
- 21.2.4 the student had been prevented from attending or submitting an assessment artefact by illness or other good cause that related to the student's personal circumstances, that she or he had been unable, for a sound and acceptable reason related to the circumstances themselves, to divulge before the deadline for extenuating circumstances.
- 21.2.5 that the decision made by the Extenuating Circumstances Officer was perverse by reference to the evidence supplied by the student.

21.3 PROCEDURE FOR REQUESTING A REVIEW OF A MARK

21.3.1 Students may not question the academic judgement of the examiners and any requests based on such grounds alone will be dismissed.

21.3.2 Students can only request a remark under the following circumstances:

- there had been a material and significant administrative error;
- there had been a procedural irregularity in the assessment process.

21.3.3 All requests for remarks should be made to the Head of Department of the module coordinator within 10 working days of the receipt of the result, together with a copy of the work to be reviewed.

21.3.4 If a student's request for a review is deemed to be invalid, the Head of Department shall write to the student giving clear reasons for turning down the request for review.

21.3.5 Should a student's request for a review of the mark be valid, the Head of Department shall arrange for the assessment artefact to be remarked by an appropriate academic member of staff. The final mark may be higher or lower than the original mark, or it may stay the same. There is no further right of appeal against the mark awarded.

21.3.6 Where the review identifies a problem affects other students on the same module, the Head of Department shall arrange for all assessment artefacts to be reviewed.

- 21.3.7 Due to their nature, certain forms of assessment, such as presentations, cannot be reviewed. However, if a valid case is made for a review of a mark, the Head of Department may suggest remedies under the course management issues procedure.

21.4 RELATIONSHIP BETWEEN ACADEMIC APPEALS AND COMPLAINTS

- 21.4.1 There may be appeals against academic decisions that refer to matters and allegations which are, or which become, the subject of a formal student complaint. In such circumstances the processing of the appeal will be resolved before the completion of the written report of findings and conclusions relating to the complaint.

22. ASSESSMENT OFFENCES

22.1 Assessment offences are defined as below:

- 22.1.1 failure to comply with any of the General Rules for the Conduct of Examinations;
- 22.1.2 any attempt to complete any assessment by means considered to be unfair;
- 22.1.3 plagiarism, which the University defines as “the incorporation by a student in work for assessment of material which is not their own, in the sense that all or a substantial part of the work has been copied without any adequate attempt at attribution, or has been incorporated as if it were the student’s own when in fact it is wholly or substantially the work of another person or persons”.

By 'substantial', the University means large and significant sections of the work; by 'adequate', the University means accurate referencing in accordance with one of the University's approved referencing conventions (your module lecturers will inform you about the correct referencing conventions).

This includes, but is not limited to:

- copying material from any source and trying to pass it off as your own work (this includes computer language and programs, scientific experiments, and visual images in addition to standard written text),
- paraphrasing material without appropriate acknowledgement and not in accordance with the University’s agreed referencing conventions (this includes computer language and programs, scientific experiments and visual images in addition to standard written text),
- collusion, where the assessment artefact is prepared by someone else and presented as your own work,
- purchase of essay/project/computer program,
- submission of essay/project/computer program written by someone else,
- submission of another student’s work with or without that student’s knowledge or consent; failure to provide an electronic copy of an assessment artefact when requested;

22.2 PREPARATORY PROCEDURES AND INITIAL ACTION

- 22.2.1 Disciplinary action against a student may be initiated by any member of staff or student of the University.
- 22.2.2 Any allegation should be raised initially by speaking or writing to the Head of Department. The Head of Department will inform the relevant Head of Department. The formal procedure should not be initiated until the Head of Department has considered the allegation and taken steps to confirm that there is evidence that misconduct has taken place and may be the responsibility of the student against whom the allegation is made.
- 22.2.3 The matter may be informally resolved to the satisfaction of both parties without the need for further action, otherwise the Head of Department follows the procedure below:
An interview will be arranged between the student and the Head of Department;
 - Prior to the interview, the student must be made aware of the allegation against them and sent copies of any evidence to be considered;
 - The student is entitled to be represented and/or accompanied by a friend at the interview;
 - The Head of Department shall appoint a secretary to keep records of the proceedings.

- Should the student be unable to attend the interview in person, the student should contact the Head of Department before the interview, who can make alternative arrangements to consider the allegation such as by telephone (normally by conference call to allow the secretary to keep records), by correspondence, via the Virtual Learning Environment or by e-mail;
- Should the student fail to attend the interview without good reason, the Head of Department may proceed in their absence;
- If, following the interview, the Head of Department does not believe, on the balance of probabilities, the offence to have been committed by the student, a written retraction shall be issued.
- If, following the interview, the Head of Department believes that, on the balance of probabilities, misconduct has been committed by the student, they shall decide whether it should be dealt with as a Minor Offence or a Major Offence.

22.3 MINOR OFFENCES

22.3.1 If the Head of Department believes that misconduct has been committed and should be dealt with as a Minor Offence, a penalty shall be given from the outcomes below:

- Reduction of the mark originally awarded.
- Cancellation of the assessment and the mark recorded as 0%.
- Cancellation of all assessment artefacts for the module(s) and the mark for each recorded as 0%.
- Any penalty deemed reasonable in the circumstances which may include an order to apologise, the restriction of facilities or an imposed contract of conduct.
- Any combination of the penalties defined above.

22.3.2 The student shall be notified in writing of any sanctions to be applied and their right of appeal. Notes of this interview and a record of any sanctions applied must be taken, and a copy of these must be sent to the Academic Registrar.

22.4 APPEAL AGAINST MINOR OFFENCES OUTCOMES

22.4.1 A student shall have the right of appeal against the findings of the Head of Department, and/or against the sanctions imposed. No other person may appeal.

22.4.2 An appeal is lodged by the submission of a signed and dated statement from the student to the Deputy Vice Chancellor, headed 'Statement of Appeal' within ten working days of the date of issue of the written decision from the Head of Department.

22.4.3 The Statement of Appeal must be based on one or more of the following grounds:

- a material procedural irregularity which impacted significantly on the validity of the original hearing and the subsequent penalty;
- new evidence that could not reasonably have been made available to the initial disciplinary hearing;
- that the penalty imposed was too severe bearing in mind the circumstances of the case and the treatment of other students in similar positions.

22.4.4 The Deputy Vice Chancellor shall consider the appeal together with the papers considered by the original hearing. The Deputy Vice Chancellor can uphold, amend or rescind the decision of the original hearing. The student shall be informed of the Deputy Vice Chancellor's decision in writing together with the reasons for the decision.

22.4.5 If the appeal is unsuccessful, the student will have completed the University's appeals procedures and will be issued with a Completion of Procedures letter which will enable them to take their appeal to the Office of the Independent Adjudicator for Higher Education.

22.5 MAJOR OFFENCES

22.5.1 If the Head of Department believes that misconduct has been committed and should be dealt with as a Major Offence, the Head of Department shall submit a signed and dated Allegation of Major Offence in writing to the Academic Registrar. The statement must be headed 'Allegation of Major Offence'.

22.6 The Allegation of Major Offence must:

- 22.6.1 set out clearly the name of the student against whom the allegation is made, the nature and full details of the Major Offence alleged and all the supporting evidence to be presented;
- 22.6.2 explain the steps taken to confirm that evidence exists that the Major Offence has taken place and that it could be the responsibility of the student;
- 22.6.3 explain why the Major Offence is considered to justify the taking of disciplinary action in accordance with these regulations.

- The Academic Registrar shall consider the Allegation of Major Offence and determine whether it is valid in accordance with **6.i** and **6.ii** and, if valid, whether it is to be treated as a Major Offence
- If the Academic Registrar believes that the Allegation of Major Offence is valid but should not be treated as a Major Offence, the Allegation of Misconduct will be returned to the Head of Department to apply sanctions from the list at **4**.
- The Academic Registrar shall give notice of that decision in writing to Head of Department lodging the Allegation of Major Offence within ten working days of its receipt. A copy of the notice and of the Allegation of Major Offence shall be sent to the student's Head of Department if they are not the Head of Department.
- An Allegation of Major Offence may be withdrawn by the Head of Department at any time before the issue of a Decision Notice.
- The Vice-Chancellor may direct that an Allegation of Major Offence be withdrawn at any time before the issue of a Decision Notice.
- If an Allegation of Major Offence is withdrawn the proceedings are terminated immediately and no further action may be taken against the student concerned in relation to the alleged misconduct.

22.7 FORMAL NOTICE OF DISCIPLINARY ACTION FOLLOWING AN ALLEGATION OF MISCONDUCT

22.7.1 The Academic Registrar shall give formal notice of impending disciplinary action relating to misconduct to each student named in an Allegation of Misconduct found valid. The formal notice shall consist of:

- a copy of the Allegation of Major Offence;
- the date, time and venue of the inquiry;
- details of where help and advice may be sought;

- a copy of the documentary evidence that will be considered;
- details of their right to representation or support at the panel.

22.7.2 The formal notice shall be deemed to have been received by the student if a copy of the document is sent by recorded delivery to the student's local and home address.

22.8 DISCIPLINARY PANELS

22.8.1 After the decision that an Allegation of Major Offence is valid and to be treated as a Major Offence, the Academic Registrar will appoint a Disciplinary Panel, who have no previous involvement with the matter, to determine the Allegation of Major Offence.

22.8.2 The Disciplinary Panel shall consist of:

- a member of Academic Council or an Authorised Person of the University as Chair;
- a member of Academic Council or an Authorised Person of the University;
- a student nominated by the Students' Union Council.

The Academic Registrar shall act as the Secretary to the Disciplinary Panel and keep records of the proceedings.

22.8.3 The Academic Registrar shall supply all members of the Disciplinary Panel with copies of the formal notice issued to the student.

22.8.4 A Disciplinary Inquiry shall be held to allow the presentation and consideration of evidence. The Disciplinary Inquiry shall be governed by the Inquiry Procedure Rules of the University.

22.8.5 If the student is unable to attend they can submit a written statement of case to the Academic Registrar which will be considered at the disciplinary Inquiry.

22.8.6 Having considered the evidence presented at the Disciplinary Inquiry, the Disciplinary Panel shall determine the allegation. If the allegation is proven, the Disciplinary Panel will then fix an appropriate penalty from the list below:

- Permanent exclusion from the University.
- Temporary exclusion from the University, for a period not to exceed one year.
- For Assessment Misconduct only, the cancellation of all assessment results achieved during the academic year in which the offence took place.
- For Assessment Misconduct only the limitation of marks or award that a student may achieve.
- Any penalty from the those available to the Head of Department at 4.
- Any combination of the penalties defined above.

In fixing the penalty the Disciplinary Panel shall take advice from the Academic Registrar with reference to precedents and comparability. The Panel will determine its findings in relation to the evidence they have seen and heard on the balance of probabilities except where the offence is such that the student may be excluded, temporarily or permanently, where the Panel needs to be convinced beyond reasonable doubt that the allegation is proven. The Disciplinary Panel may take account of any mitigation when fixing the penalty.

22.8.7 As soon as possible after the determination of the allegation, the Academic Registrar shall issue the Decision Notice. The Decision Notice shall consist of the following:

- a) a summary of the major points made during the Disciplinary Inquiry;
- b) a concise rationale of its findings;
- c) a concise statement of the Disciplinary Panel's findings in relation to the Allegation of Misconduct;
- d) in the case of any finding that a student is responsible for misconduct, the penalty to be applied and the arrangements for its application; and
- e) an explanation of the student's right of appeal.

22.8.8 The Decision Notice shall be copied to the student's Head of Department.

22.9 APPEALS AGAINST DISCIPLINARY PANEL DECISIONS

22.9.1 A student shall have the right of appeal against the findings of the Disciplinary Panel and/or against the penalty imposed. No other person may appeal.

22.9.2 An appeal is lodged by the submission of a signed and dated statement from the student to the Academic Registrar, which should be headed 'Statement of Appeal'.

22.9.3 A Statement of Appeal may not be lodged within ten working of the date of issue of the Decision Notice.

22.9.4 The Statement of Appeal must be based on one or more of the following grounds:

- a material procedural irregularity, which might have impacted significantly on the validity of the original hearing and the subsequent penalty;
- new evidence that could not reasonably have been made available to the initial disciplinary hearing;
- that the penalty imposed by the disciplinary hearing was too severe bearing in mind the circumstances of the case and the treatment of other students in similar positions.

22.10 DETERMINATION OF APPEALS AGAINST DISCIPLINARY PANEL DECISIONS

22.10.1 The lodging of a Statement of Appeal suspends the application of any penalty originally fixed, until the appeal is withdrawn or an Appeal Decision Notice issued

22.10.2 The appellant may withdraw the Statement of Appeal at any time before the issue of an Appeal Decision Notice. In such cases, the appeal shall be deemed to have failed.

22.10.3 As soon as possible after the receipt of a Statement of Appeal the Academic Registrar shall determine whether it is valid in accordance with 9.

22.10.4 As soon as possible after the decision that an appeal is valid, the Academic Registrar shall appoint an Appeal Panel, who have had no previous involvement with the matter.

22.10.5 For appeals against a penalty imposed by a Disciplinary Panel, the Appeal Panel shall consist of:

- a member of Academic Council or an Authorised Person as Chair;
- a member of Academic Council or an Authorised Person;
- a student nominated by the Students' Union Council.

The Academic Registrar will act as Secretary to the Appeal Panel and keep records of the proceedings.

22.10.6 The Appeal Panel shall convene to consider the grounds of appeal. An Appeal Inquiry shall be governed by the Inquiry Procedure Rules of the University. The persons entitled to appear at the inquiry shall be the student lodging the Statement of Appeal and the person responsible for the Allegation of Misconduct.

22.10.7 Having considered the evidence, the Appeal Panel shall determine the appeal and can uphold, amend or rescind the decision of the original hearing. In amending any penalty, the Appeal Panel shall take advice from the Academic Registrar with particular reference to precedents and comparability. The penalty shall be constrained only by the tariffs of penalty as defined in 8.vi and not by the penalty fixed by the original Disciplinary Panel. Any penalty fixed by the Appeal Panel shall replace entirely any penalty fixed by the original panel.

22.10.8 As soon as possible after the determination of the appeal the Academic Registrar shall issue to the student, an Appeal Decision Notice which will consist of:

- a concise statement of the Appeal Panel's findings;
- a concise rationale of its findings;
- in the case of any finding that a student is responsible for misconduct, the penalty to be applied and the arrangements for its application; and
- an explanation of the student's rights of appeal.

22.10.9 The Appeal Decision Notice shall be copied to the Chair of the Disciplinary Panel, the Head of Department and any other parties agreed at the Appeal Panel. The decision shall be reported to Academic Council and to the Board of Governors.

22.10.10 If the appeal is unsuccessful, the student will have completed the University's appeals procedures and will be issued with a Completion of Procedures letter which will enable them to take their appeal to the Office of the Independent Adjudicator for Higher Education.

22.11 SUSPENSION PENDING A HEARING

22.11.1 The Vice-Chancellor may suspend a student with immediate effect who is alleged to have committed misconduct which may result in disciplinary action.

22.11.2 The power to suspend is to protect the members of the University community in general or a particular member or members and shall be used only where the Vice-Chancellor is of the opinion that it is urgent and necessary to take such action. Written reasons for the decision shall be recorded and made available to the student.

22.11.3 The decision will be reviewed by the Vice-Chancellor within five working days of the initial suspension. The suspended student will be given an opportunity to make representations in person to the Vice-Chancellor. Where for any reason it appears to the Vice-Chancellor that it is not possible for the student to attend in person, he or she shall be entitled to make written representations.

22.11.4 Following the initial review, a further review will take place every four weeks. The review shall not involve a hearing or submission made in person, but the student shall be entitled to submit written representations.

Appendix 1 - Criteria for Judging Validity of Claims of Extenuating Circumstances

The University distinguishes between two kinds of extenuating circumstances that might impair a student's demonstration of their ability in an assessment.

The first kind of circumstance is an acute event that typically prevents a student being in a particular place at a particular time, e.g. to attend an examination or to submit on the due date coursework that the student has already completed. This would include something that briefly impaired performance, e.g. the onset of a migraine during an examination. In the following tables this type of circumstance is called type **A (Acute)**.

The second kind of circumstance is a chronic circumstance that typically prevents a student from producing an assessment artefact over a period of time. This is most likely to affect assessment artefacts in which individual students decide exactly how much time they will devote to completion of the artefact and exactly when that will be, although the deadline date for completion will normally be fixed, e.g. a coursework essay. However, it would include, for example, an illness that prevented a student from devoting any time to revision for examinations. In the following tables this type of circumstance is called type **C (Chronic)**. Where a student feels that their extenuating circumstances have prevented them from producing the relevant coursework or revising for an examination, the student should not sit the examination or submit the coursework on time. If the student does sit the examination or submit the coursework on time, they are stating that they are well enough to do so and cannot submit an extenuating circumstances form after doing so.

Both these types of circumstance relate to assessment. If a student's circumstances have impaired their learning so they are unable to demonstrate their capabilities, then they should request a suspension of studies as described in the Guidelines for Students and resume when they are able to do so. These guidelines are available separately on the registry web site and as **Appendix 1** to the Examination and Assessment Regulations.

In Table 1, the first column describes the kind of circumstance that an Extenuating Circumstances Officer could consider. The second column defines the type of circumstance and the third column states the type of evidence an Extenuating Circumstances Officer will accept in support of such a claim. **In the absence of appropriate evidence, as described in this Appendix, the Officer will find the circumstances to be Not Valid.**

The key to the letters assigned to types of evidence in Table 1 can be found in Table 2.

Where codes are included within brackets it means that any one of the types of evidence listed within the brackets is acceptable.

A or C	A + L
9	Religious Observance Observance of the student's religion as a result of which she/he is unable to attend the University at the date and time the assessment artefact was due to be undertaken or submitted, and no alternative and reasonable arrangements had been agreed by the University.	A	A + M

11	Holidays A holiday that had been booked before the initial offer of a place on the course was accepted and which caused the student to be absent from the University on the date the assessment artefact was due to be undertaken or submitted, or for at least five consecutive working days during the period the student might reasonably have been expected to give time to the production of the assessment artefact.	A or C	A + P
12	Transport Difficulties Difficulties with public or personal transport which prevented attendance on the date the assessment artefact was due to be undertaken or submitted, that could not reasonably have been anticipated, and such that sufficient time was not available to allow for alternative arrangements reasonably to be made.	A	R + S
13	Criminal Activity The student was the victim of a crime that has been reported to the appropriate authority for investigation and that crime was likely <u>either</u> to have prevented the student's attendance on the date the assessment artefact was due to be undertaken, <u>or</u> to have prevented the student from submitting the assessment artefact on the due date, <u>or</u> to have affected his or her performance during the period the student might reasonably have been expected to give time to the production of the assessment artefact.	A or C	A + N
15	Computing Difficulties Normally there are no valid extenuating circumstances under this category. Should the University computer network or specialist software that is only available through the University become unavailable for a substantial period of time, guidance will be given to all affected students as to what measures will be put in place.		
16	Financial Difficulties No extenuating circumstance that might fall under this category can be accepted as valid.		
17	Other Exceptional extenuating circumstances that do not fall under any of the criteria defined above.	A or C	A + Q

Table 2 – Types of Evidence	
A	The student's statement of case.
B	Medical Certificate signed while the illness or incident was affecting the student, or other medical evidence such as copies of prescriptions, certificates of attendance at surgery or hospital, a doctor's opinion given after receiving the student's permission to release information.
C	Medical Certificate signed while the illness or incident was affecting the other person, or other medical evidence, together with a statement by the student about the nature of the relationship, explaining why their personal attention was necessary and why no other person could reasonably be expected to have provided attention.
D	The student's self-certification of illness or incapacity. This type of evidence may be provided on Self-Certification stationery or may take the form of a signed and dated statement by the student. It must be submitted as soon as possible after the affected assessment date. Repeat use of self-certification will mean the University will ask your permission to speak to your doctor for more information about your health and may mean that the evidence is not found to be acceptable.
E	Death Certificate.
F	Corroboration from a person with whom the student has a professional, not a personal, relationship. This may include the student's personal tutor.
G	Corroboration by a member of the student's family.
H	Official correspondence from the Court or Tribunal Authority.
J	Letter of corroboration (that must explain why the commitment was non-negotiable and/or unanticipated) signed by the student's line manager or supervisor, or by an appropriately senior and authorised representative of the relevant organisation.
L	Letter from the appropriate sporting association or authority that explained why the absence was necessary.
M	Confirmation from the University Chaplains that the religious observance is a reasonable one for a member of the faith AND a statement from the student explaining why the observance in question prevented their attendance and explaining what attempts had been made to agree a reasonable alternative arrangement.
N	Corroboration of the reported crime from the Police or other investigating authority.
P	Appropriate documentary evidence that corroborated both the timing of the booking of the holiday and its duration.
Q	The Extenuating Circumstances Officer shall seek advice from the Academic Registrar. Such advice shall include questions of what evidence would be appropriate to support the exercise of Chair's action in determining whether such extenuating circumstances can be valid.
R	Statement from the student that explains the nature of the difficulty and why the difficulty could not reasonably have been anticipated and why alternative arrangements could not reasonably have been made.
S	Corroboration from a relevant and appropriate source.

Appendix 2 Extenuating Circumstances

- Guidelines to Students

The University of Portsmouth wants all students to undertake and pass all their assessments at the first attempt and make normal progression through their course. We are aware that failure to progress normally can lead to financial difficulties for both the student and the University. However, there may be occasions during the year where students are affected by extenuating circumstances and are unable to complete their assessments.

The University of Portsmouth operates a “fit to sit” extenuating circumstances policy. This means that if you sit an examination or submit an assignment on time, you are declaring yourself fit to sit the assessment and no extenuating circumstances will be accepted. You can only submit extenuating circumstances if you have failed to submit coursework on time, missed an examination or were taken ill during an examination.

Extenuating circumstances cannot be submitted for either Referrals or Deferrals and any that are submitted will be rejected.

Extenuating Circumstances are circumstances relating to your health and /or personal life which are of a sufficiently serious nature to result in your being unable to attend, complete, or submit an assessment on time.

Problems with course management that have affected your performance, either individually or as part of a group should be remedied by following the student complaints procedure.

The key words are serious and significant. Life, unfortunately, is full of difficulties, irritations, and worries that would not be expected to have a significant effect on your performance or to prevent you from attending, completing, or submitting on time an assessment. We all face difficulties and problems that we normally are expected to overcome. Only serious problems that can reasonably be expected to have had a significant effect will be considered valid. So, circumstances such as a cold, feeling under the weather, a few sleepless nights, the illness of a relative, financial worries, difficulties with a computer, the pressures of sitting exams or meeting deadlines, will not be considered to be valid reasons for failing to attend, complete on time, or submit assessments.

Generally speaking, serious long-term circumstances that have a significant effect on your ability to study will be expected to result in you requesting a suspension of your studies or withdrawing from your course rather than claiming extenuating circumstances.

In line with University policy, students with a disability or learning difficulty should have declared these and secured an agreement as to what additional help the University can reasonably provide as part of the admissions process. The disability or learning difficulty cannot be regarded as an extenuating circumstance.

If you have been affected by an extenuating circumstance, you should complete an Extenuating Circumstance Form. The Form will be available from your Department Office. You should complete a separate form for each circumstance. You must complete and submit the form within 5 days of the end of the teaching period or Referral period that the assessment was undertaken in

The Students Union academic caseworkers will be able to advise you on completing the form, as will named

members of your own department. When you complete the form, you should take care to record exactly which assessment artefacts have been affected (by assessment artefact we mean the particular examination, course work, essay, laboratory report, presentation etc.). You must link these assessment artefacts to the particular module(s) they have been set for. Most importantly, you must clearly state a case that explains why the circumstances were serious and how they affected your ability to attend or submit the assessment artefact. You will need to relate the dates of the circumstance(s) and the assessment(s) carefully to the reasons you give. The end product needs to be convincing. Finally, you need to be able to provide some evidence to back up your case. Documentary evidence must either be in English, or accompanied by an official translation in English.

The criteria explain what types of evidence are acceptable. In cases of illness, you should obtain a medical certificate if your illness prevents you from attending the University for more than five working days or if you have a severe medical condition that means you have been unable to complete a coursework assignment or attend an examination - if your illness or condition did not last that long or the medical condition was not severe, you will need to submit a note of self-certification. Please note that medical certificates should be signed whilst the symptoms of your illness or condition were still evident to the Doctor. Repeated cases of self-certification will mean that the University will ask you for a signed release so that your doctor can provide information about your state of health. Repeated cases of self-certification where there is no such supporting evidence may be judged to be invalid.

Reference to a professional relationship in the criteria may be to a doctor, a counsellor or other appropriate member of student support services, or some other professional person who, through the nature of their professional relationship with you, knows about your difficulties and can confirm what you are claiming.

Your submitted form will be judged by an Extenuating Circumstances Officer appointed to consider all submitted cases in your Department, judging them against the criteria published annually by the University. You will be notified of the names of the Extenuating Circumstances Officers by your Department at the start of the Academic Year. The Extenuating Circumstances Officer will decide whether they consider your case to be valid and, if so, which assessment artefacts in which modules have been affected. The decision will be checked by another Extenuating Circumstances Officer to confirm that it is reasonable and you will be informed of the outcome within ten working days of submitting the form.

If you have particularly distressing extenuating circumstances which you wish to be dealt with as confidentially as possible, you should contact your Head of Department directly, who will follow a special procedure for Serious and Confidential Circumstances. If you do not wish to contact the Head of Department, you may contact any member of University staff. That person, however, will have to then follow the appropriate procedure in intervening on your behalf, i.e. they must contact the Head of Department.

Should the Extenuating Circumstances Officer consider your circumstances to be valid, the Module Assessment Board and Board of Examiners will be advised that, in particular named assessment artefacts, your attendance or submission was prevented by valid extenuating circumstances.

After the first sitting (not including Deferral sittings), Module Assessment Boards may choose one of the following outcomes for students with valid extenuating circumstances:

- At the first attempt, if you have failed to attend an examination type assessment (which is any assessment undertaken within a constrained period of time at a set location such as examinations, in class tests, presentations and oral examinations) the Module Assessment Board may allow you to have a Deferral.
- If you have successfully completed at least two other assessments in the affected module, the Module Assessment Board may extrapolate an overall mark from these, if it is satisfied there is sufficient evidence you have met the learning outcomes of the module.

- Should you fail to submit a coursework assessment on time and an assessment penalty has been applied, that penalty will be lifted as long as you have submitted within 10 working days of the original date of submission. If you are unable to submit within 5 working days, you will be given a Deferral.

Should you be unsure whether your assessment artefact is considered coursework or an examination, please contact the Module Coordinator.

The Module Assessment Board may decide that even if you were to pass the Deferral, you would not be able to achieve the pass mark required for the module. In such cases the Module Assessment Board will make the decision as if you did not have valid extenuating circumstances.

Should you fail your Deferral, you will be deemed to have failed the module and will not be eligible to progress into the next academic year.

After the Deferral and/or Referral sittings (or any additional sittings), Module Assessment Boards will make the decision of Deferral for students with valid extenuating circumstances. You will not be eligible to progress into the next academic year.

No student will be allowed to trail modules or carry Deferrals into the next academic year.

Please also note that a penalty imposed because of an assessment offence, other than late submission, or because of disciplinary action taken by the University against you, will override a valid extenuating circumstance and will invalidate the remedies explained above.
